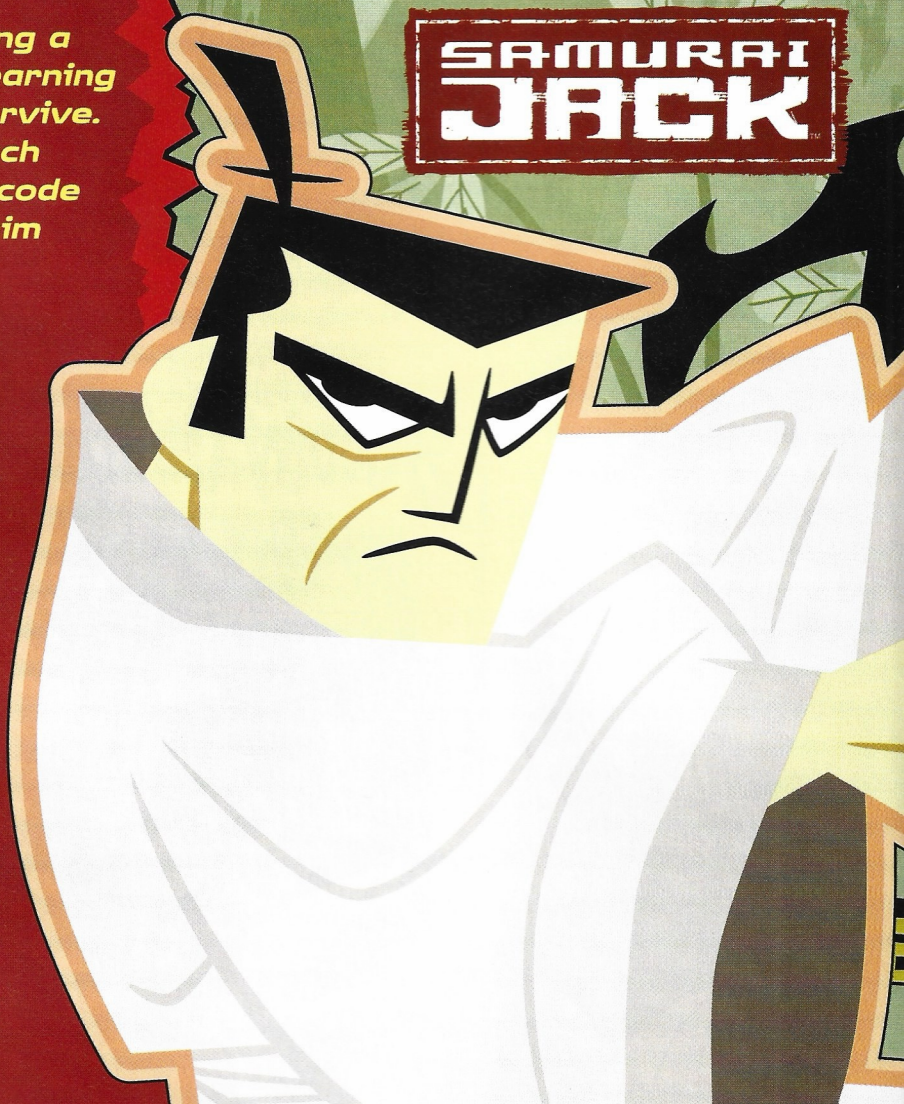
CODE OF THE SAMURAI

There's more to being a samurai than just learning how to fight and survive. In ancient Japan, each samurai lived by a code that helped guide him through life.

The unwritten Samurai code of conduct, known as Bushido, held that the true warrior must hold loyalty, courage, honesty, compassion, and honour as important, above all else. An appreciation and respect of life was also vital, as it added balance to the warrior character of the Samurai. He could be deadly in combat and yet so gentle and compassionate with children and the weak.

Every decision that Samurai Jack makes is shaped by this code. Without it, he would simply be a man who knows how to fight. A warrior who follows the code can be a hero; a warrior who does not follow the code can never be a great one.



8 RULES OF BUSHIDO
(MEANING 'THE WAY OF THE WARRIOR')

1. **LOYALTY** — A Samurai must be loyal to his master.
2. **SACRIFICE** — A Samurai must be willing to give up everything
3. **COURAGE** — A Samurai must have no fear.
4. **KINDNESS** — A Samurai must help the helpless.
5. **HONESTY** — A Samurai must be truthful.
6. **FRUGALITY** — A Samurai must live simply.
7. **DISCIPLINE** — A Samurai's training never ends.
8. **MIND AND SPIRIT** — A Samurai must be strong in all areas.
